## Area Level

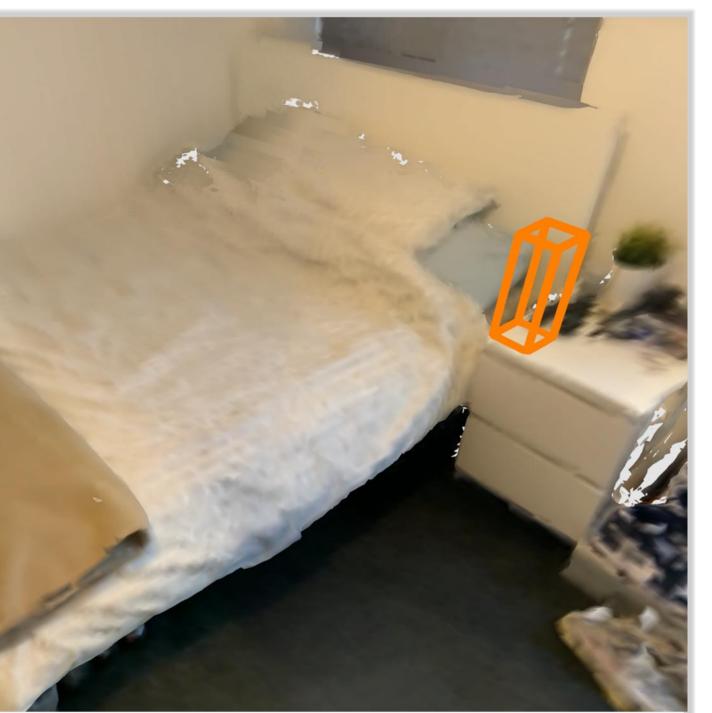

## Space Level

## Object Level

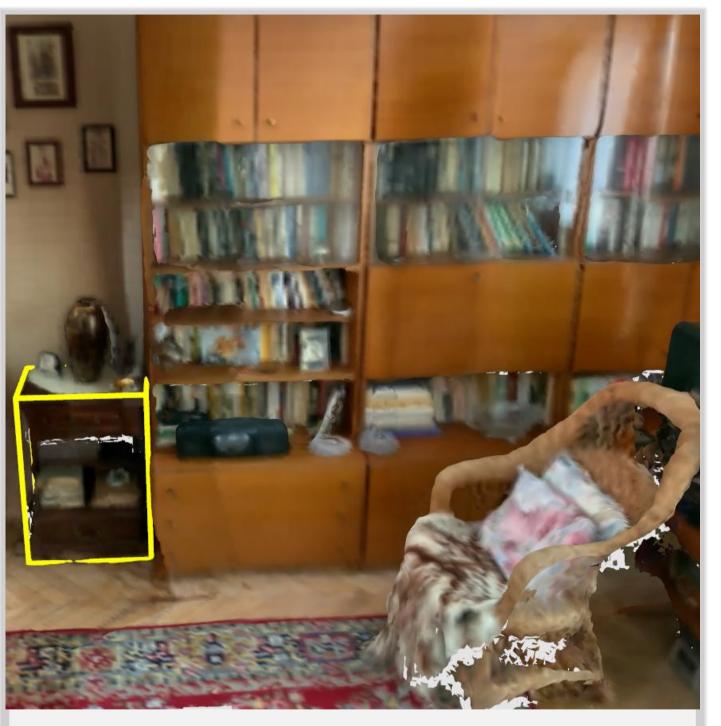

## Part Level

Choose an area that facilitates discussion and allows two people to complete the work efficiently.

Lie on the bed, and place a cup with a diameter of 0.1 meters and a height of 0.3 meters at the upper right corner of the bed table.

Standing up from the armchair and walking 1 meter forward, which object on the floor directly to my right is against the wall?

Assume you are working at your desk. Please pull the top drawer on the left side out as far as it will go until it touches the armchair.
